Designs unveiled for the New Papworth Hospital

New Chairman
Professor John Wallwork, CBE

Over 3,300 years of service honoured at awards ceremony

Special gifts
Welcome to the latest edition of Pulse, the newsletter for our Foundation Trust members.

Welcome to the Spring issue of Pulse.

You may have noticed this issue of Pulse has a new look - both Pulse and the Papworth Hospital Charity newsletter have been combined so you can be kept up-to-date on the work of Papworth Hospital Charity and the generosity of our supporters.

This edition of Pulse includes an introduction to our new Chairman, Professor John Wallwork, who spent 30 years at the forefront of pioneering heart and lung surgery at Papworth Hospital before retiring. You can also find out more about our new Elected Governors and see images of the proposed new Papworth Hospital to be built on the Cambridge Biomedical Campus as well as catching up with other important news.

You will see on page 13 that we are looking for nurses to join our clinical teams - if you or someone you know is interested in working at Papworth Hospital please get in touch using the details provided.
Dates for your diary

**Wednesday 28 May**  
Trinity Park, Felixstowe Road  
Ipswich, Suffolk

**Sunday 1 June**

**Annual Members’ Meeting**  
Thursday 11 September  
The Burgess Hall, St Ives, Cambridgeshire

**Council of Governors’ Meeting - new location**  
The next Council of Governors’ meeting will take place on Tuesday 17 June 2014 at 10:30am in the Bernard Sunley Centre, Papworth Trust, Papworth Everard, Cambridge, CB23 3RG. You are welcome to attend.  
*Please contact Carol Sharp on 01480 364240 for more information.*
New Chairman

Professor John Wallwork, a pioneer of heart and lung surgery, has taken up the role of the new chairman of Papworth Hospital.

For thirty years Professor John Wallwork CBE, was at the forefront of transplant surgery and research at Papworth Hospital. His pioneering work has saved countless lives and his drive and innovation has helped transform experimental surgery into a tried and trusted procedure.

He has extensive experience in leadership within the NHS and will now use these skills as Papworth prepares to move to the Cambridge Biomedical Campus.

Professor Wallwork said: “I am proud and privileged to be re-joining Papworth Hospital, the country’s leading heart and lung hospital, at this exciting time. My main aim is to further the work of Papworth Hospital in providing the best in patient care, keeping the hospital at the forefront of research and providing world-class education for clinical staff. This role provides an excellent opportunity to build on the work which has taken place to date.”
to develop plans for the new Papworth Hospital.”

His appointment was confirmed by Papworth Hospital’s Council of Governors after a rigorous selection procedure and his three-year term began on 1 February.

Stephen Bridge, Chief Executive of Papworth Hospital, said: “John made an outstanding contribution to heart and lung surgery and transplantation at Papworth, in the UK and across the world and we are delighted that he will be coming back to Papworth as Chairman. John is well known at Papworth and I very much look forward to working with him.”

Mr Bridge also paid tribute to retiring Chairman Robert Burgin: “I also want to thank Robert Burgin for his eight years of service to Papworth Hospital. He has worked tirelessly to further the endeavours of the hospital and to lead the hospital to its new location in Cambridge.”
New Papworth Hospital unveiled

These are the first images of the new Papworth Hospital.

The images were unveiled as Papworth Hospital announced its intention to appoint Skanska as the preferred bidder to lead the project.

Skanska has been selected to lead the consortium to design, build and maintain the new Papworth Hospital when it relocates to the Cambridge Biomedical Campus.

Stephen Bridge, Chief Executive, said: “This is an important milestone in the ten-year project to move to our new site on the Cambridge Biomedical Campus. The clinical, research and economic case for the new Papworth Hospital is beyond doubt and we look forward to relocating to the Cambridge Biomedical Campus which is fast becoming one of the most vibrant biomedical communities in the world. New Papworth Hospital and the
co-located Heart and Lung Research Institute (a joint venture between Papworth and the University of Cambridge which is dependent upon the relocation of the hospital) will create jobs and wealth in the area and attract leading clinicians and researchers to Cambridge.”
Meet our new Elected Governors

Mr Graham Jagger - Cambridgeshire

Graham is a Cambridge University graduate and professional HR Manager and Consultant with wide public and private sector experience, the last 20 years of which have been in various roles in the NHS. He joined Papworth in 1994 as Director of Corporate Development and retired in 2009 on being appointed to the NHS Pay Review Body.

Currently he is a GMC Associate and member of ACCEA and other remuneration committees; previously he was Chair and Lead Trustee of the Cambridge and District Community Mediation Service from 2006 to 2011.

Mr Bob Spinks - Norfolk

Bob is a businessman who runs his own 4x4 car dealership, having worked in the motoring industry for his entire career.

He has witnessed first-hand the services provided at Papworth Hospital after he underwent a quadruple heart bypass 15 years ago. This spurred him on to join the Norfolk Zipper Club to give something back to the staff who cared for him. He has recently become the club’s chairman and decided he wanted to further support Papworth Hospital by becoming a Governor.

The Council of Governors is made up of three types of Governors. They are: Elected Governors, representing and elected by the membership constituencies, Staff Governors and Appointed Governors who represent partner organisations. On the opposite page are our Elected Governors.
Members of the Council of Governors

Elected Governors representing and elected by the membership constituencies.
More than 170 members of staff have been honoured for over 3,300 years of service to Papworth Hospital.

Papworth Hospital’s Long Service Awards were held on Thursday 30 January on the hospital site, where staff from across the Trust were honoured for years of dedication to the country’s leading cardiothoracic hospital. The ceremony saw 174 staff being presented with awards and certificates for 15, 20, 25 and 30 years of service as well as four awards for staff who have worked at the hospital for over 35 years.
A national staff survey found that 94% of Papworth staff would recommend the hospital to friends and family - this is the highest score in the NHS. Staff were asked ‘How likely are you to recommend our ward/A&E department to friends and family if they needed similar care or treatment?’ on a scale ranging from: extremely unlikely to extremely likely.

Josie Rudman has been appointed as our new Director of Nursing, having been acting Director of Nursing for the past nine months, during Ann-Marie Ingle’s secondment and recent appointment to an equivalent post at Addenbrooke’s Hospital. Prior to this Josie was Deputy Director of Nursing.

Dozens of adults and children took a look behind the scenes at Cambridge Science Festival to find out more about how Papworth Hospital saves lives. They also learnt how to keep their heart and lungs healthy and perform life-saving CPR.

Caring staff at Papworth Hospital protected themselves and their patients from flu this winter as they recorded one of the highest percentage of vaccinations across the NHS in East Anglia. An impressive 75% of frontline staff had the flu jab in less than eight weeks in winter - making Papworth Hospital one of the top NHS Trusts in the country, according to the NHS Federation.
Volunteers pack the orders, so all the proceeds benefit our patients - all you have to do is choose which of our lovely items you want to buy!
You can also place your order via our website where there are lots of other items too

Last year’s winner of the Chairman’s Award for Outstanding Achievement was Dr Helen Barker, Thoracic Consultant Physician

Last year the Staff Awards received a record number of nominations 221 in total!
Do you have what it takes to join our nursing team?

We are looking for experienced and senior nurses to boost clinical teams across the hospital from theatres to critical care.

Papworth Hospital is currently expanding its specialist cardiothoracic services and facilities to meet a growing demand, and as part of the expansion, nurses with a hospital background are being recruited to care for patients with a variety of complex needs.

Josie Rudman, Director of Nursing, said: “We are offering nurses the opportunity to come and join our highly successful teams here at Papworth. We are primarily looking for experienced nurses; however there are also opportunities for newly qualified nurses as well. Every nurse that we recruit is given high-quality training and support to assist them in working in a specialist cardiothoracic background.”

To find out more about Papworth Hospital and the opportunities we can offer you please visit [www.papworthnursing.co.uk](http://www.papworthnursing.co.uk) or call Anne White, Lead Nurse for Recruitment on 01480 364224.

Apply now at [www.papworthnursing.co.uk](http://www.papworthnursing.co.uk)

SAMACCI & FOUNDAITION
A massive thank you to all our supporters, you have raised thousands over the last twelve months and have matched last year’s magnificent sum of £212,000 for Papworth Hospital. Here are a few ways in which you have supported us this year:

Chrissy Fifield’s nan had a double bypass as an emergency patient & so as a thank you Chrissy took part in the Great Birmingham Run & raised over £250.

Wynn Connell wanted to thank Papworth Hospital for the care he received so he & his friends took part in ‘Insane Terrain’ running event & raised over £700.

Jon Freeman completed the 15K Istanbul run in November to thank Papworth for the care his father received, he has raised £750.

Jean Hedges (second left) wanted to thank the staff who cared for her last year. Jean raised money by selling craft items & with this she bought two wheelchairs for Hugh Fleming ward. She also gave boxes of goodies to the staff.

A massive thank you to all our supporters, you have raised thousands over the last twelve months and have matched last year’s magnificent sum of £212,000 for Papworth Hospital.
In May 2013, Max, my 16 year old son, became Papworth's latest heart transplant success story. I wanted to thank Papworth Hospital for saving my son's life and started looking for ideas. Over a late evening with my younger, fitter brother we concocted the idea to invite friends and go cycling in the French Alps. Climb as many cols (a pass between two mountain peaks) as possible in four days – the challenge was on. We managed to convince another nine people to join us on our mini adventure. So in mid-September we invited friends to join us on our mini-Adventure, 250 miles in total and climbed 2500 metres in total and climbed over 8,500 metres including Alpe d’Huez, Col de More (Col of Death!) and the Col de la Cloy de Fer to name a few. Our destination was a pretty chalet in a beautiful mountain village near Le Bourg-d’Oisans, Rhone-Alpes. Over the next four days we cycled over nine cols including Alpe d’Huez, Col de More (Col of Death!) and the Col de la Cloy de Fer to name a few. Our destination was a pretty chalet in a beautiful mountain village near Le Bourg-d’Oisans, Rhone-Alpes.

What is more, thanks to a lot of generosity we managed to collect over £2,800 for Papworth Hospital - so to all of you that have donated, many, many thanks. Papworth supporters had a ball at Lord Mayor’s Show

Rain failed to deter a group of hardy Papworth Hospital supporters, patients and staff at the Lord Mayor’s Show on 7 November last year. Despite the damp conditions, the parade was enjoyed by thousands of spectators, including the team’s supporters, patients and staff.
